The Liberty Collection: Unique Cabinetry Construction

To complement your individuality in decorating schemes and motifs, the Liberty Series is available with more than a dozen door styles.

But it's not merely external beauty that sets our cabinetry apart—it's what goes inside: Apple Valley's exclusive "Tuff-Core" features dowelled 3/4" construction. All shelving is quality constructed to resist twisting, warping and cupping.

This state-of-the-industry innovation is only available from Apple Valley.
